

SHARE Radio is affiliated with [CIAM radio](#) , which is Christian and community radio programming serving Northern Alberta. SHARE Radio is a volunteer operation, which also does not generate any advertising revenue since it is non-profit.

It's goal is to bring Good News to Northern Alberta residents. A board of directors, who are also volunteer, establishes policy and administration for the radio, setting local direction, and also often rolling up their sleeves and pitching in where necessary to get some of the day to day things done.

If you would like to contribute either with your hands, voice, or financially, please contact one of the following board members. Your prayers are also appreciated.
